

Supplement to 2016 Annual Report August 31, 2017

To provide more current financial information to our Stockholders and Employees, management is submitting the Company's unaudited summary financial operating information for the first six months of 2017 and comparable figures for the same period in 2016.

During the first six months of 2017, business continued at a steady pace with lead times of 7 to 8 weeks. As of this writing, lead times have backed down to 4 to 5 weeks. The change, we believe, can be attributed to weather and forest fires in the West, which has also contributed to a shortage in available trucking. We do not expect the trucking shortage to change in the near term.
